EXAMINER'S AMENDMENT AND REASON FOR ALLOWANCE

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Pursuant to MPEP 606.01, the title has been changed to read:

--DEVICE FOR TRANSFERRING DATA VIA WRITE OR READ POINTERS
BETWEEN TWO ASYNCHRONOUS SUBSYSTEMS HAVING A BUFFER MEMORY AND
PLURALITY OF SHADOW REGISTERS --

The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or suggest individually or in combination the limitation of a device for transferring data between asynchronous first and second systems, comprising: a write pointer register in the first system for writing data; a read pointer register in a second system for reading data; a buffer memory connected between the first and second systems; a first shadow register located in the first system and connected to the write pointer register to receive contents of the write pointer register; a second shadow register located in the second system and connected to the read pointer register to receive contents of the read pointer register; a third shadow register located in the first system and connected to the second shadow register to receive contents of the second shadow register; and a first compare circuit comparing the contents of the write pointer register with the contents of the third shadow register in order to authorize writes to the buffer memory.

Art Unit: 2182

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
